Our Support Coordinators and Specialist Support Coordinators are committed to working with clients and their families to achieve their NDIS goals.

YOUR Needs... OUR Priority

NDIS Support Coordinators are obliged to manage conflict of interest. In Open Minds we work separately to the rest of the business, so you can feel confident we will always present the most suitable providers to your needs.

You can be assured that you will be supported to access the range of services that you need, wherever you choose to get these from.
